## Only fools and horses?

A face from the past appeared over the weekend. Anja Savic is back from university in New York for 3 months and will hopefully come and play while she is here. Anja and Dark Eclipse were a very impressive pair in B division a few years ago. A young boy was very keen on Anja (as were many others) but this one decided to bite the bullet and try out polocrosse. During practice one day as he was trying to keep his balance on the top of his horse he yelled out, "Help please! My num num is coming out!!!!" In heaps of giggles we all helped to adjust his "numna" but have not seen him since. Anja, we are ready and waiting when you are! Hey Lolly—why so quiet? This is **your** space!
